

ACRYLIC DISPLAY STEPS

New presentation concept adapted to the constraints of refrigerated display showcases and buffets.

The exceptional brightness of our quality of acrylic totally transforms the visual appearance of the products.

3 Steps display :

3 displays, height 2 to 12cm

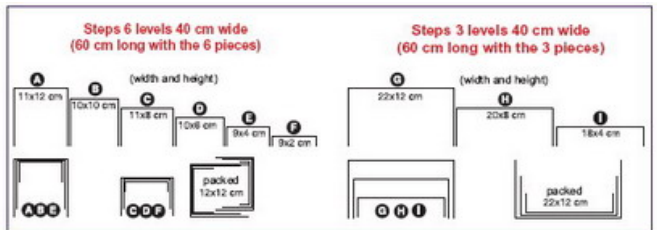

(40cm wide - 19, 20, 21cm deep), the steps are stackable.

3 unique advantages :

- ▶ 100% visibility for the displayed products.
- ▶ Create an effect of volume.
- ▶ Display products to their best advantage thanks to the acrylic that captures the light and makes the supports displaying pastries, chocolates, dishes, shine.

Hints & Tips

Acrylic Presentation dish withstands -50°C to +80° C.

To preserve the brightness of your acrylic presentation dishes, clean with soapy water. Do not use abrasive products or dishwashers.

If you use several sets of steps side by side, leave a gap between the steps to allow the cold air to circulate. For space-saving storage, simply stack them.
